

Become a Discovery Educator

Discovery Education invites dynamic teachers passionate about integrating digital media and technology in their classroom to become members of the Discovery Educator Network. Discovery Educators will benefit through access to a wide range of resources including professional development, networking opportunities and Discovery Educator events.

Discovery Educator Network
Place to Collaborate and Communicate

Collaboration and communication among educators around the world using the resources available from Discovery Education.

<http://community.discoveryeducation.com>

Media Share

"Discovery Education Media Share is a web-based content sharing system that enables educators to utilize the best resources through uploading, sharing, managing, and distributing user-created or licensed-digital content." (*Discovery Educator Network*)

- Take Control of Your Digital Resources
- Consistent Content in All Classrooms
- Access at School and at Home

<http://tiny.cc/DENmediashare>

Webinars

An online meeting or training seminar to learn about a particular topic or idea from a certified Discovery Education trainer. Many webinars are recorded so that you can view them later if time of live session doesn't suit your schedule.

- Digital Storytelling
- Leadership Week
- Science Week
- Web 2.0 Week

Blogs and Forums

The blogs are written specifically by those considered STAR Educators with Discovery Education.

- State blogs written by DEN members in that state.
- Read about what the DEN is doing in that state and how the DEN resources are being used in the classrooms.

Forums allow educators to discuss various topics and post questions. Any DEN member can comment on current discussions or create their own topics to discuss.
